ABOUT US

At Prabhunath E-Traders, we believe that managing electronic waste isn't just a service—it's a responsibility. Based in Pune and proudly authorized by the Maharashtra Pollution Control Board, we've been helping businesses across India handle their E-waste safely and sustainably since 2008. Every day, we work to give a second life to discarded electronics by collecting, sorting, refurbishing, and recycling them the right way. Our goal is simple: reduce the harmful impact of E-waste on our environment while recovering valuable materials like metals, plastic, and glass. With a dedicated team, eco-friendly practices, and a deep commitment to cleaner living, we're here to make sure today's waste doesn't become tomorrow's problem. Let's build a greener future—together.

Join us on social media to see how Prabhunath E-Traders is making a difference in E-waste management every day.

Our Services at Prabhunath E-Traders

1. E-Waste Collection

We provide secure and compliant pick-up services for electronic waste from businesses, institutions, and individuals across India.

2. Segregation & Sorting

Collected E-waste is sorted by category—IT assets, consumer electronics, batteries, and more—for efficient processing and recycling.

3. Refurbishing

We extend the life of usable electronics through professional repair and refurbishing, promoting reuse and reducing landfill load.

4. Dismantling & Recycling

Our team safely dismantles non-reusable electronics and extracts valuable components like metals, plastics, and glass for reuse.

5. Data Destruction

We offer secure data wiping and physical destruction of storage devices to protect your sensitive information.

6. Compliance & Certification

All processes follow MPCB guidelines. We provide detailed documentation and certificates of recycling and data destruction.

7. Bulk E-Waste Solutions for Corporates

Tailored collection, logistics, and compliance support for IT companies, offices, schools, and manufacturers handling large volumes of E-waste.

Why Choose Us?

CUSTOMER FIRST

Customer First – Each assignment is designated a dedicated account manager which will manage the assignment from collection to asset logging, certification and eventual resale. Managing the whole process on your behalf.

ENVIRONMENTALLY FOCUSED

Environmentally Focused – Each Prabhunath team member is committed to obtaining the best value for your asset and ensuring nothing is ever sent to landfill. We give back to the environment and are focused on helping our planet.

EFFICIENCY

Efficiency – Our dedicated team will run the manual processes involved in IT Life Cycle services such as Asset logging, packaging all in line with industry regulation.

HONESTY

Honesty – Every service we deliver is delivered with an honest and ethical workforce keeping our customers best interests as a driver for success.

Instant Payment

We value your time as much as your trust. That's why we offer instant payment once your assets are evaluated and approved—ensuring a smooth, fast, and secure transaction every time.
